MEET THE NEW NOVICES

BEFORE AND AFTER ARRIVAL

PLUS: CAPUCHIN BLESSED OF THE MONTH
As Novice Director, and on behalf of the Novitiate formation team and the North America Pacific Capuchin Conference (NAPCC), I want to welcome our new class of Novices for the 2018-19 year of Novitiate.

Last year’s group (2017-18) completed their novitiate with the profession of Br. Austin from the California Province at Old Mission Santa Inés on Saturday, July 14th. It was a wonderful celebration with Austin’s family, his Provincial, friars from his province (Our Lady of Angels) and all his fellow novices. We then said farewell to them all as they headed back to their own provinces for their profession of vows. They have all now made their professions and are starting a new stage of formation, Post-Novitiate, in their respective Provinces. Please continue to keep them in your prayers as they continue their journey of formation with the Capuchins.

We welcomed our new group of novices only a week later, on Friday evening, July 20th, as they arrived from their road journey of five days from St Louis to San Lorenzo. We had a short welcome ceremony in the chapel to officially begin their Novitiate that same evening. On the following Sunday during Evening Prayer, they received the habit of probation, which they will wear during this year of their novitiate. During the ceremony, they announced that “moved by Divine inspiration, we wish to share our life in the brotherhood of the Order of Friars Minor Capuchin”. They also asked to be tested during this year, so they may learn how to take on their shoulders the yoke of the Lord, living the gospel of Jesus Christ in love and joy, following the example of St. Francis.

It is called a "Habit of Probation" as the novices are not yet full members of the Order. Their full membership into our Order will happen once they have completed the Novitiate year and make their Simple Profession of vows. The habit of probation has a Caperone (hence the title of this magazine), a loose scapular front and back, that they will wear throughout the year. At their profession, this Caperone is removed to symbolize both the completion of their probation and their acceptance as a member of the Order. Please keep our new novices, who you will all meet below in this issue, in our prayers as they journey through their Novitiate year.

Solemnity of the Assumption of the Blessed Virgin Mary with the OFM and Conventual Novices
These two Capuchin martyrs served in parts of the Middle East and in Ethiopia as missionaries.

Agathangelus came in contact with the Capuchins at a young age in a town near Paris, France. Coming from a distinguished family and having received an excellent education, he joined the Novitiate at the age of 20. After his ordination, he was sent on mission to Syria, Lebanon (where he served the local Maronites), Egypt and finally to Ethiopia, where he bore witness to Christ by his death.

Gonzalvo came from a Portuguese merchant family. Having a deeply religious life, he began to frequent the local Capuchin friary and from a young age felt the pull towards the Capuchins. At the age of 15, he asked his parents for permission to enter the Order, but they were a little reluctant. However, two years later he entered the novitiate and took the name of Cassian. After a short period serving the sick and poor after the plague that hit France in 1631-32, he was sent to evangelize Ethiopia.

Recently, I have been thinking a lot about the witness of the martyrs throughout the history of the Church. Perhaps, because I have now been invested in my habit of probation, and have become a public witness for the Church and the Order. However, I understood that with our lives we are witnesses to Our Lord in the world; but all the martyrs, including our friars here, witness to Jesus with their deaths. The limit of our humanity is death, and the martyrs bore witness to the love of Jesus and expressed their love for Him to the limits of who they are, by giving themselves totally to God and His Church. This, to me, is very heroic, for we are called to have the love of the martyrs, not necessarily with our deaths, but in our daily lives, always giving ourselves to God in trust and moving forward.

SPECIAL THANKS!
To Br. Marvin Abella (OLA) and Br. M.J. Groark (SJ) for providing IPP, investiture and portrait photos!
